ASKED TO SEE THE PLANT JUICE MAN

Herbert Gunter of El Paso Tells of Improvement Of His Mother.

Mr. Herbert Gunter, who works at the Home Bakery and who lives at 3518 Bishee street, in this city, said as he entered Kelly & Pollard's drug

as he entered Kelly & Pollard's drug store:

"I want to see the Plant Juice man. I want two more bottles of Plant Juice. I am buying this for my mother. She has been troubled for some time with her stomach and also with a nervous trouble that seemed to affect her muscoles. They would twitch and it was impossible for her to control them. The Plant Juice has stopped that and is surely helping her stomach. My father is a carpenter at the El Paso & Southwestern shops, and I work at the Home Bakery."

The man or woman who is physically run down, debilitated, nervous; who suffers with any derangement of stomach, liver, kidneys and blood will find surprising relief in Plant Juice. It is the greatest vegetable curative and

surprising relief in Plant Juice. It is
the greatest vegetable curative and
corrective of the age. Its action is
direct and immediate; it enters the circulation attacking all disease centers,
dissolving and eliminating poisons. You
will find indigestion, constipation, maiarial and catarrhal conditions, rheumatism and general debility and nervousness vanish under the effects of
Plant Juice. The help you receive is
not momentary, but lasting. Call today on the Plant Juice man at Kelly &
Pollard's.

MOVES FAMILY TO COAST IN AN AUTO

A Texas Couple With Five Children Go to California in Small Car.

Douglas, Ariz, Sept. 4 .- After driving over 1000 miles in a one cylinder automobile. T. Posey and wife, with their five children have arrived in this city from Corpus Christi, Tex., on their way to San Diego. They are leaving their home in Texas to move to California and hit upon the idea of making the trip in their small car. So far they succeeded far beyond their expectations, having made the trip by way of San Antonio without a single puncture or a cent paid out for repairs.

Between 150 and 175 teachers in the schools of Cochise county have gathered here for the institute which opened this morning for a three days' session, closing Friday night with a reception at the Dougles Country club. over 1900 miles in a one cylinder auto-

Mimbres Valley Farmers Are Urged to Cultivate the Tepari Bean.

Daming, N. M., Sept. 4.—A committee of real estate men appointed at the recent meeting of the real estate men for the purpose of looking into the matter of constitution and by-laws for the purposed exchange in Deming was held yesterday. This committee will report at the next general meeting of real estate men, which will take place Saturday. It is the endeavor of the men engaged in the real estate business to form an association which will bento form an association which will ben-efit, not only every one in business, but will also land a larger percentage of the prespectors who visit the val-

iey.

J. J. Thornber, of Tucson, Ariz., professor of biology of the University of Arizona, was in Deming today. Prof. Thornber is very enthusiastic in the matter of pumping water for irrigation. He states that farmers near Tucson are reclaiming a considerable acreage of land. He states also that the feparl bean, a product that we get from the Arizona indians promises to be a the Arizona indians, promises to be a great money maker in arid sections of the southwest. He says that this bean the southwest. He says that this bean is of native growth there, and is found all over the mountains of this section. It is about half the size of the ordinary frijole bean and produces double the amount per acre, and is just as nutritious. He thinks the Mimbres valley would be admirably adapted to the production of this bean.

Mayor Talks to Pupils.

The Deming schools opened with appropriate exercises. John Corbett, mayor of Deming, made a very interesting talk on the history of the Deming schools. Mr. Corbett is an old-timer in Deming, has an excellent memory and he presented facts of the history of Deming schools in a most attractive way. The first school established in Deming, Mr. Corbett said, "was entirely of private nature, and proper collection was taken up at the end of each month to pay the salary of the teacher." From this point he traced the development of the schools up to the present time when Deming has one of the best school systems in the state. He was followed by John C. Watson, who spoke on "What Shall the Community Expect of the Teacher." Dr. J. G. Moir, member of the board, was on the program, but he was unable to attend, due to urgent business. R. Bedichek spoke on what the school authorities may expect from the community. The program was intersparsed with musical selections, one violin sole by Miss Katle Wamel, planod duet by Misses Hodgdon and Moore and vocal solo by Miss Ina Laphan. Over 100 students were enreled in the high school, making an increase over lass year's first day enrolment of about Mayor Talks to Pupils. high school, making an increase over lass year's first day enrolment of about 50 percent, and being an increase of 100 50 percent, and being an increase of 100 percent over the enrolment of two years ago. Miss Margaret Goebel, county superintendent of public instruction, spoke on the relation of the country schools to the high school.

Messrs, Joe Ma. iin and M. J. Brechbill have purchased a barber shop from Leon Godchaux, who has left for Charleston, S. C., where he will attend as delegate to the grand council of the Red Men.

as delegate to the grand council of the Red Men.

Mrs. C. J. Laughren and daughter, Katherine, have returned from their summer's vacation in Michigan.

Miss Mary Kelly, who taught in the Deming schools last year, is employed in the El Paso school this year, and will teach the sixth grade in the La-

GLOBE AND MIAMI HOLD RIVAL MEETS

Shooting Affray Occurs at Kelvin; a Woman Is Wounded.

Globe, Ariz., Sept. 4 .- Globe and Miami held rival Labor Day celebrations. Large crowds from the Gila valley and surrounding towns flocked to the two cities. A spirit of intense rivalry has aprung up between Globe and Miami and they vied with each other in the ararngement of attractions to draw the public Labor Day. Miami is six miles

copper companies whose output is steadily increasing.

At Globe, McIvot and Haight won the drilling contest, making 35 3-8 inches into solid granite in lo minutes. Lundgren and Fuller took second place with 32 1-2 inches. H. C. Collins won the 100 yard dash; time, ten seconds flat. The woman's nail driving contest was won by Mrs. Margery Beck, driving 28 nails in three minutes. R. H. Parsons won the standing broad jump. E. L. Griffiths won the hop, step and jump, as well as the running broad jump. He also took second place in the 100 yard dash, making it in 10 1-5 seconds. Mrs. Frank Pascoe took first prize as the most graceful woman rider. Frank cane won the bronco busting contest. William Hicks won the four mile relay race.

race.

who are charged with assault with a deadly weapon upon the person of Josus Rodriguez, whom they are charged with shooting in the head and leg. They were placed in the county fail pending the action of the county fail pending the action of the county attorney's office, under the new constitution the grand jury having been dispensed with except upon certain occasions.

George W. Findley, it is charged, shot and scriously wounded Bessie Miller and scriously in the Miller woman and Painter met Findley in the Southern hotel in that city, it is claimed, and began hostilities by shooting at him. Findley ran from the hotel across the street to the ice plant where he is employed, secured a gun, and, it is said, returned and fired at his antagonists. The trio was taken into custody.

it is said, returned and fired at his antagonists. The trio was taken into custody.

The superior court has convened for the fail term, Waiter G. Shute presiding. The calendar is heavy. Among the cases for trial are 15 criminal cases, the most important of which is the case of Pete Johnovich, a Syrian, who, it is charged, murdered his partner, Martin Alexander, at Miami, last April. There are also several important damage suits to be tried involving large sums. Five of these suits are against the mining companies and one against the railroad.

Mulford Winsor, chairman of the state land board, and member A. I. McCann, have left for Fort Grant to look over the premises there with the view of appraising its value for the state which may take it over and use it as an industrial school. William Moody, the other member of the board, left for Thatcher. Under the act enabling Arixona to become a state, congress gave the state 2,250,000 acres of unappropriated non-mineral land to be used for various purposes, which land is to be selected by the state. It is the selection of this land which is new occupying the attention of the board. Winsor and McCann will work along the northern tier of counties until November. the northern tier of counties until No-

vember.

The only Certified Milk plant in the state of Texas is that of the El Paso Dairy Company. It is under the supervision of the Milk Commission appointed from the Medical Society of this city.

· It may be of interest for you to know that there are only 80 cities in the United States that have certified milk plants.

This Certified Milk is produced at the solicitation of the Milk Commission and at great cost to the producer. With proper care it is sweet and palatable even when four or five days old.

If you have a Babe on cow's milk you should by all means give it Certified Milk. This milk we deliver to any part of the city at 15 cents a pint or 25 cents a quart. Be sure and ask your doctor about this Certified Milk, also read the Herald editorial of Monday, August 19th.

We also produce Pasteurized Milk at 8 cents a pint or 15 cents a quart; also Pure Milk, just as it comes from the cow, and under the most cleanly and sanitary regulations and from a healthy herd, at 6 cents a pint or 12 cents a quart.

Our Ice Cream is also made from this rich, pure and the state of t milk and cream.
